

Quince is looking for you

Senior UX/UI Designer

Our company

Quince is a one-stop digital and retail activation agency.

Our passion is to build branded e-learning platforms with premium quality creative content with the use of gamification techniques to engage our clients' sales staff and help thousands of users worldwide to keep their knowledge up-to-date.

We also take care of branding, UX/UI design, AR, VR, VFX, interactive products and software development for major international brands from the Consumer Electronics, Healthcare and Telecom industries.

Quince is a unique, people-oriented company, which is reflected in loyal clients. Passion in your work, challenging yourself, taking responsibility, respect, having fun and exceeding expectations are core values.

Quince continuously invests in personal growth and in the latest technologies. More than 70 employees of various nationalities work at the headquarters in Amsterdam and in the Budapest office.

For more information about us, please visit our website on www.quince.hu.

Job function

As a Senior UX/UI Designer, you will work in the Budapest office, as part of a team, who creates world class digital and retail communication platforms, tools and innovative e-learning solutions.

Your task will involve close collaboration with the team to develop a cohesive experience throughout our platform in order to increase user satisfaction and to oversee all user experience and design aspects and to guide the entirety of the design process through its completion and working along developers to ensure accurate implementation.

Things you should have

- 4+ years of proven work experience as a UI/UX Designer or similar role
- Thorough knowledge of the principles
- Proficiency with design tools (Adobe/Figma/Sketch)
- Working knowledge of wireframe tools
- Strong understanding of UX Design processes
- Ability to create multichannel experiences (desktop – mobile - tablet)
- Strong skills in prototyping and wireframing
- Solid understanding of front-end development (e.g.: HTML, CSS)
- Ability to explain complex design decisions to experts and laypeople
- Team spirit with strong communication skills
- Adhere to style standards on fonts, colors and images
- Good spoken and written English level

Things, that make us happy

- Ability to work in Agile environment
- Experience in conducting workshops with stakeholders
- Experience in Visual and Motion Design
- Experience with Figma

Our offer

Quince has an open and stimulating company culture and barely knows hierarchy. You will be working in the nicest area of Budapest, in a convenient city center location with a magnificent view over the Danube and the Buda hills, in a cozy office with great people. Work-life balance is a core component of our culture and we offer a competitive salary package and benefits.

How to apply

Please send us your CV with portfolio to info@quince.hu (with the 'Senior UX/UI Designer' subject).
